YASSER DEBIHI

Software & Web Developer • Networks & ICT Graduate

M'Sila, Algeria +213 556 937 218 contact@yasserdbh.com

github.com/yasser0xD linkedin.com/in/yasserdbh213

Profile

Software and web developer with a Bachelor's in Information Systems & Software Engineering and a Master's in Networks & ICT (ranked 12th of 55). I turn real problems into clean, working tools — mostly with Python and modern web technologies — from a complete internal management system for a travel agency to academic projects in computer vision and web development.

Education

Master's Degree (M2) — Networks & ICT **2024 – 2026**
University of M'Sila, Algeria *Graduated 2026*

- Focus: network architecture, security, and communication technologies
- Graduation project (team): a face-recognition student-attendance system — responsible for development and implementation

Bachelor's Degree — Information Systems & Software Engineering **2021 – 2024**
University of M'Sila, Algeria *Completed*

- Foundations in algorithms, databases, and web technologies; team graduation project: a hotel website with an admin dashboard

Baccalaureate — Experimental Sciences **2020**
Algeria *Average: 13.09/20*

Technical Skills

Languages & Web	Python, JavaScript, SQL, HTML5, CSS3
Frameworks & Tools	Flask, Node.js / Express, Bootstrap, Git & GitHub
Databases	MySQL, SQLite

Experience

Software Developer **2025 – Present**
Travel & Tourism Agency *M'Sila, Algeria*

- Built a complete internal management system (Python + MySQL) for clients, invoices, and records, deployed on the office local network
- Created a Python script that monitors visa-appointment availability and sends instant Telegram alerts

Projects

- **Travel Agency Management System** — internal LAN-hosted app for clients & invoices *(Python, MySQL, Bootstrap)*
- **Visa Appointment Alert Bot** — monitors visa slots and sends instant Telegram alerts *(Python, Telegram Bot)*
- **Face-Recognition Attendance** — Master's team project; development & implementation *(Python, Computer Vision, Flask)*
- **Hotel Website + Admin Dashboard** — Bachelor's team project *(HTML, CSS, JS, Bootstrap)*
